CIRCULAR

Electrical Power Shutdown

This is to inform all faculty members, staff, students, and other stakeholders that a **total electrical power shutdown** has been scheduled on **Sunday, 19 July 2026**, from **09:00 AM to 01:00 PM** (approximately for **4 hours**).

The shutdown is required to facilitate the reconnection of the service cables of all academic and administrative blocks to the **Diesel Generator (DG) changeover system** as part of the commissioning and integration of the DG set. This work is essential to ensure a reliable and uninterrupted backup power supply during utility power failures.

All Faculties, Departments, Offices, Hostels, Laboratories, and other campus occupants are requested to plan their activities accordingly and extend their full cooperation during the shutdown period.

The Electrical Department is making every effort to restore power supply to the hostel blocks, canteen, Central Instrumentation Facilities (CIFs), and research laboratories at the earliest possible. Every attempt is being made to minimize the duration of the outage and restore normal power supply as quickly as possible.

The inconvenience caused is sincerely regretted.

Issued with due approval of competent authority.
